SUMMARY OF QUALIFICATIONS

- Fresh Graduate student with a Bachelor's Degree in Information Systems Accounting & Auditing from Bina Nusantara University.
- Experienced in designing and executing manual and automated tests for web and API platforms.
- Skilled in test documentation, improving coverage, and supporting system integration and security.
- Currently participating in Full Stack - Software Engineering boot camp at Revou.

WORK EXPERIENCE

PT. Kalbe Farma Tbk,

Quality Assurance Intern

Jakarta, Indonesia

Feb 2024 – Feb 2025

- Preparing essential documents such as standards, test plans, issue logs, and user matrix to ensure a structured and well documented testing process.
- Conducted manual testing, and performed automation testing on 3+ projects, 15+ modules, and improved the test coverage by 40%.
- Performed functionality and security testing of APIs using tools like Postman and Hoppscotch, ensuring smooth system integration.
- Reviewed verified developer internal testing evidence, enhancing compliance with company testing protocols.
- Developing projects dashboard to facilitate effective tracking, monitoring, and project data management.

PT. Synopsis Sinergi Digital (Synopsis.id)

Software Quality Assurance Engineer Intern

Jakarta, Indonesia

Feb 2025 – Present

- Designed and developed over 1000+ detailed test cases to ensure the functionality, performance, and reliability of client websites.
- Conducted both manual and automated testing for client websites and super apps, resulting in a 40% improvement in regression testing efficiency.
- Implemented API testing protocols with Postman to verify system functionality and security standards, maintaining seamless integration and optimal performance across all endpoints.
- Performed retesting and validation of resolved bugs/issues, collaborating closely with developers to ensure high-quality deliverables.

EDUCATION

Bina Nusantara University (Binus)

Bachelor of Computing in Information Systems Accounting & Auditing

Jakarta, Indonesia

Sep 2021 – Jun 2025 (Expected)

Thesis: Fjord Phantom Malware Process and Execution Analysis in Mobile Banking Application

- Major GPA : 3.64/4.00
- Relevant Coursework : Information Systems Design, Financial Auditing, IT Governance, Data Analytics, UI/UX Design, System Testing, Web & Application Development.

PROJECT EXPERIENCE

University Projects (Binus)

- Dietio (2022 – UI/UX Design)
- PlantPedia (2022 – UI/UX Design)
- Watches Dealer (2023 – Java Desktop Application)
- LaporAja (2023 – UI/UX Design)

Boot Camp Projects (RevoU)

- EasyTrip (2024 – Website)
- NiuHome (2024 – Website)
- Comfie (2024 – Website)
- GegeShop (2025 – Website)
- Revou Bank (2025 – Restfull API)

TECHNICAL SKILLS

- Programming Languages:** JavaScript, TypeScript, SQL, HTML5, CSS3, Java, Python
- Testing Tools:** Playwright, Katalon Studio, Postman, Hoppscotch, Apidog
- Project Management:** JIRA
- Database:** SQL Server Management Studio (SSMS), MySQL, PostgreSQL
- Other Software:** MS Excel, MS Word, MS PowerPoint, MS Teams, Figma, Visual Paradigm, Slack

CERTIFICATION

- Memulai Pemrograman Dengan Java – Dicoding Indonesia (2024 – 2027)
- Full Stack Software Engineer – Revou (In Progress, expected completion in 2025)
